This sample/product is one of a kind. Variances will occur that make each piece individual and unique. Please understand that we at Hardwood Design Company go to great efforts to ensure this authenticity. Our products are intentionally manufactured in a way that best reveals the wood's natural beauty, variation, and character.

FOR COLOR EXAMPLE ONLY.

This sample is not intended to represent grade or the degree of character that will be found in our products. Please visit our website for a better representation of color and grade options.
